Rob/Jim –

Attached is the LCP OU2 Data Summary Package and an index for Lab & Data Validation Reports. Lab & validation reports are huge in size and cannot be sent via email so I'll send a link to Filesanywhere to download. Note also that the number of pages is excessive (I think Alex told me over 60,000 pp.) so although it can be printed it would be voluminous to say the least. Let me know what you want from that – I can copy to a flash drive and mail to save you the hassle of a time-consuming download.

Best regards,

Kirk J. Kessler, P.G.
